

ENVIROTANK

Providing quality
Water Containment Solutions
throughout the West
for over 15 years.

METHANE GAS PRODUCERS

BENEFIT FROM TIRETANKS:

- less than half the cost of a metal tank
- maintenance free
- no need to add fiberglass inserts
- more durable than fiberglass
- rustproof
- bulletproof
- portable
- galvanized tank = 1 year service
tiretank = indefinite

RANCHERS

BENEFIT FROM TIRETANKS:

- virtually indestructible
- tire tanks hold from 1600-1800 gallons of water
- perfect for methane well water storage
- black tire holds heat and aids in ice melt
- no damage from livestock
- rustproof
- bulletproof

Envirotank is a Wyoming
Department of Environmental
Quality permitted and
approved facility.
